

Update on Montana

Mountain Sky Conference Summer Camps

Luccock Park Camp near Livingston, MT made the decision to cancel all its summer activities. They are looking forward to completing some camp projects during this time, and are allowing some local churches to host "church at camp" this summer. Luccock Park is also doing a "Zero Hero Fun Run". Zero Heroes can add 1, 2 or even 7 zeroes to their entry fee! These funds will support Luccock during the summer of Covid-quiet. You can read more about the Zero Hero Fun Run at this link.

Flathead Lake UM Camp Board of Trustees has voted not to hold traditional camp this summer, and are looking into the Center for Disease Control, American Camp Association, and local guidelines to facilitate a non-traditional senior high camp during the Covid-19 pandemic. They plan to continue to rent out their cabins to families for the summer.

FLUMC is currently in phase 2 occupancy. We have groups of 50 or less staying in cabins. Call or email for reservations. You can read more about Flathead Lake Camp <http://flatheadcamp.org/>.

The extent to which we will offer our regular summer programs is currently being discussed by the Board of Trustees. Updated information will be posted here as it is available. (6/2/2020)

Greetings from Flathead Lake United Methodist Camp. After careful consideration of concerns around COVID-19, our team has decided that we cannot hold Tween, Middler, and Sr High camps at Flathead UMC this summer. It is with a heavy heart that we are making this decision and only after we felt that we have fully explored all our options. These camps are a time of fellowship, filled with joy, hope, love, and hugs. We wish we could confidently continue the great tradition of summer camps during this time when we so desperately need it; however, we ultimately do not feel we can do so in an environment that ensures the safety for everyone involved. While we are certainly disheartened by this decision, we are hopeful that we can continue to find new ways to connect and grow together during this experience.

This announcement is only for the decision around Tween, Middler, and Sr High; all other camps at FLUMC are making their own decisions and exploring all possible paths forward.
